For Immediate Release

AlaSim International 2012 Conference – Call for Participation

Huntsville, Alabama (October 7, 2011) - AlaSim International 2012, The Alabama Modeling and Simulation Conference and Exhibition, is soliciting the following Calls for Participation:

- Call for Peer Reviewed Papers
- Call for Committee Reviewed Papers
- Call for Student Posters
- Call for Briefings
- Call for Panel Discussions
- Call for Workshops
- Call for Tutorials

Visit the AlaSim website at www.AlaSim.org for general information.

Sponsorships and exhibit spaces are available. Contact the GeneralChair@AlaSim.org.

Call for Peer Reviewed Papers

AlaSim is accepting abstracts for peer reviewed papers on topics in modeling and simulation. (For conference committee reviewed papers, see “AlaSim Call for Committee Reviewed Papers”.)

Fees and Deadlines:

- Electronic versions of one page abstracts are due by October 21, 2011
- Notification of abstract acceptance by October 28, 2011
- Electronic versions of papers for review are due by December 23, 2011
- Notification of paper acceptance by February 10, 2012
- Author Registration by March 2, 2012 - \$300

For specific requirements and to submit a one page abstract, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Papers, contact the Program Chair at ProgramChair@AlaSim.org. Or email the Peer Reviewed Papers Chair at RPapers@al asim.org.

(more)

Call for Committee Reviewed Papers

AlaSim is soliciting abstracts for papers on in-progress, planned, and completed modeling and simulation projects. Both abstracts and papers are reviewed by the AlaSim conference committee. (For peer reviewed papers, see the "AlaSim Call for Peer Reviewed Papers".)

Fees and Deadlines:

- Electronic versions of one page abstracts are due by December 9, 2011
- Notification of abstract acceptance by December 16, 2011
- Electronic versions of papers for review are due by January 27, 2012
- Notification of paper acceptance by February 10, 2012
- Author Registration by March 2, 2012 - \$300

For specific requirements and to submit a one page abstract, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Papers, contact the program chair at ProgramChair@AlaSim.org or email the Committee Reviewed Papers Chair at CPapers@alasim.org.

Call for Student Posters

For the 2012 technical program, AlaSim is soliciting abstracts for participation in a student poster session.

Fees and Deadlines:

- Electronic versions of one page abstracts are due by January 27, 2012
- Notification of abstract acceptance by February 10, 2012
- Author Registration by March 2, 2012 - \$175

For specific requirements and to submit a one page abstract, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Papers, contact the program chair at ProgramChair@AlaSim.org or email the Posters Chair at Posters@AlaSim.org.

Call for Briefings

AlaSim is soliciting abstracts for Briefings on in-progress, planned, and completed modeling and simulation projects. Abstracts are reviewed by the conference committee for inclusion in the final program. Papers are NOT accepted for Briefings submissions. (See "AlaSim Call for Committee Reviewed Papers" for submissions involving full papers.) Authors are expected to pre-register and present their work at the conference.

Fees and Deadlines:

- Electronic versions of one page abstracts are due by January 27, 2012
- Notification of abstract acceptance by February 10, 2012
- Author Registration by March 2, 2012 - \$300

For specific requirements and to submit a one page abstract, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Briefings, contact the program chair at ProgramChair@AlaSim.org or email the Committee Reviewed Papers Chair at CPapers@alasim.org.

(more)

Call for Panel Discussions

AlaSim is soliciting proposals for panel discussions providing an opportunity for open discussion of simulation products, issues or methodologies.

Fees and Deadlines:

- Electronic versions of one page abstracts are due January 27, 2012
- Notification of acceptance by February 10, 2012
- Panelist pre-registration by March 2, 2012 - \$300

For specific requirements and to submit a panel proposal, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Panel Discussions, contact the program chair at ProgramChair@AlaSim.org or contact the Panels Chair at eperry@faulkner.edu.

Call for Workshops

AlaSim is soliciting proposals for modeling and simulation workshops. Workshops provide an open, collaborative environment for identification, and definition of modeling and simulation standards, bodies of knowledge, directories, position papers and trends.

Fees and Deadlines:

- Electronic versions of one page abstracts are due by January 27, 2012
- Notification of acceptance by February 10, 2012
- Workshop organizer pre-registration by March 2, 2012 - \$300

For specific requirements and to submit a workshop proposal, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Workshops, contact the program chair at ProgramChair@AlaSim.org or email the Workshops Chair at eperry@faulkner.edu.

Call for Tutorials

AlaSim is soliciting proposals for Tutorial presentations providing introductory and advanced training in current simulation technology.

Fees and Deadlines:

- Electronic versions of one page proposals are due by January 27, 2012
- Notification of proposal acceptance by February 10, 2012
- Instructor pre-registration by March 2, 2012 - \$300

For specific requirements and to submit a tutorial proposal, access the AlaSim 2012 Public Interface Portal at www.AlaSim2012.org. For questions about this Call for Tutorials, contact the program chair at ProgramChair@AlaSim.org or email the Tutorials Chair at Tutorials@al asim.org.

AMSC (Alabama Modeling & Simulation Council) member discounts are available.

(more)

The conference is scheduled May 1-3, 2012, at the Von Braun Center in Huntsville, Alabama, USA. AlaSim International 2012, organized by the Alabama Modeling and Simulation Council, is designed both to showcase the breadth and depth of simulation activity in Alabama and to collect, document, display and discuss the current state of simulation technology throughout the world. AlaSim allows a variety of formats for attendees and participants to see, be seen, hear, be heard, teach and learn about the science and technology of simulation. Elements planned for AlaSim 2012 include peer reviewed papers, conference committee reviewed papers, project briefings, panel discussions, workshops, tutorials, student posters and exhibits displaying simulation products and services.

The conference location is a perfect M&S fit as Huntsville is considered one of America's leading simulation hubs. Headquarters and branches of most all the large companies with M&S interests can be found in Huntsville. The Von Braun Center will also be newly renovated with \$5 million in updates. Conference attendees will not only benefit from the new facility features but will also find themselves in a thriving, dynamic M&S community with conference organizers who have extensive M&S knowledge and expertise.

About the Alabama Modeling & Simulation Council

The mission of the Alabama Modeling & Simulation Council is to have Alabama be recognized as the leader in the development and application of Modeling and Simulation (M&S). The goals are to promote the growth of the M&S industry in Alabama, assist executives in starting, managing, and growing companies and help M&S companies be successful in global markets.

About The AEGIS Technologies Group Inc.

The AEGIS Technologies Group is a privately held small business headquartered in Huntsville, Alabama, USA, that provides expert modeling & simulation (M&S) and nanotechnology development services to industries throughout the world. The company's products and services include simulation software and training systems; warfighter exercise support; simulation development and integration; geospatial programs; systems engineering and analysis; verification, validation, and accreditation (VV&A); and test and evaluation support. AEGIS' Nanogenesis Division excels in advancing cutting edge micro and nanoscale technologies from concept to deployment with applications ranging from defense to energy to biotechnology. www.aegistg.com
